Combing operations on since Oct. 16...

10 Tigers TRAPPED

Unseen, untracked tigress, 3 cubs rescued near Gundlupet today

Mysuru, Nov. 10 (MTY&BCT)- A tigress that had been terrorising villagers with repeated cattle kills was rescued this morning, along with her three cubs, from the Gundlupet Buffer Zone between Kallahalli and Padaguru villages. The big cat was found just 300 metres from Kallahalli village, hiding in a bush with her cubs.

With the latest capture, total number of tigers, including cubs, rescued in combing operations from Oct. 16 has gone up to 10.

The tigress captured today is estimated to be around four to five years old, is a first-time mother with two-month-old cubs. Interestingly, she is an unrecorded feline — not identified in either Bandipur Tiger Reserve or Nagarahole Tiger Reserve.

Camera traps installed across both Reserves and along forest fringes have never captured her presence and she does not have an assigned ID number. The discovery of this unrecorded tigress has surprised the Forest Department, which maintains detailed records of all tigers and their respective territories.

The feline was spotted during an ongoing combing operation launched to track and capture tigers involved in human killings along the forest fringes. During the operation launched after Nov. 7, a cattle kill was reported from Kallahalli. As the kill was close to human habitation, Forest officials maintained vigil to prevent any potential attack on villagers working in their fields.

Risk to human life

A second cattle kill was later reported from Padaguru, prompting heightened alertness among the staff. Thermal drone footage captured visuals of three cubs playing near Kallahalli, following which the Principal Chief Conservator of Forests (PCCF) and Additional PCCF (APCCF), who were camping at Hediyala in Bandipur Tiger Reserve to oversee the operation, were informed.

After the Padaguru cattle kill, the tigress returned to her cubs at Kallahalli. Considering the risk to human life, officials decided to rescue the big cat family.

(See TRAPPED on page 7)

TIMELINE OF RESCUES

Since the tiger capture operations began along the fringes of Bandipur and Nagarahole Tiger Reserves on Oct. 16 following a series of attacks and human killings, the Forest Department has rescued a total of 10 big cats, including adults and cubs.

- **Oct. 18** : A female tiger, aged about one-and-a-half to two years, was captured near Badagalapura.
- **Oct. 27** : Two male cubs, aged around 40 to 45 days, were rescued near Koodige village.
- **Oct. 28** : An eight-year-old female tiger was rescued near Anjanapura, Eregowdanahundi in Nanjangud taluk.
- **Nov. 5** : A female cub, aged about two years, was captured near the Hediyala Range of Bandipur Tiger Reserve.
- **Nov. 8** : A male tiger, aged between 12 and 13 years, was captured at Hale Heggudilu village bordering Bandipur Forest in Saragur taluk.
- **Nov. 10** : A female tiger, aged around four to five years, was rescued along with her three cubs near Kallahalli and Padaguru villages.

CM chairs KDP meeting

Mysuru, Nov. 10 (BLU&DM)- Chief Minister Siddaramaiah, who chaired the KDP (Karnataka Development Programme) meeting at Abdul Nazir Sab auditorium in Zilla Panchayat (ZP) Office premises here this morning, sternly warned the officials against making people unnecessarily run from pillar to post for getting their work done in Government Offices.

"I had asked the authorities to stay put at Taluk Headquarters and address the people's problems locally there itself. But I heard that officials are not following my diktat and as such, I have instructed the Deputy Commissioner to send a report in this regard," he said while reminding the officials that they had taken an oath on serving the people with determination and dedication before assuming office and they should stick on to it.

Chief Minister Siddaramaiah making a point during the KDP meeting at Abdul Nazir Sab Auditorium of Zilla Panchayat in city this morning. Others seen are (from left) MLAs Tanveer Sait & G.T. Devegowda and District Minister Dr. H.C. Mahadevappa.

Expressing disappointment over Mysuru district slipping to 14th position from 7th position in State education index, he vented out his ire saying that he would not tolerate officials who come along with party workers for transfers. He asked new DDPI of Mysuru to ensure that the district performs far better than previous years in exam results.

EDITOR'S BOTTOMLINE

RULES TO FOLLOW AT A TEMPLE: *We are told that the archa form of Lord Narayana is important and that we should visit temples as often as we can. What are some of the basic rules we should follow when we go to a temple? We should bathe before we go to a temple. However, the word 'bath' means not only bathing the body to get rid of dirt, grime and dust but also cleaning the mind to get rid of impure thoughts. We should not go to the temple harbouring ill feelings against anyone, explained Velukkudi Krishnan, in a discourse.*

Once we reach the temple, we must first prostrate before the dvajasthamba. We must then visit the sannidhis of the Azhvars Acharyas, Viswaksena, Anjaneya, Garudan, the Goddess of the temple and finally go to the main sanctum. We must not go to the Lord's sanctum first, before worshipping at the other sannidhis. We must not go empty-handed to a temple; we must take flowers or fruits or a coconut and some betel leaves. We must not see ourselves as important. Our complaint about having to wait in long queues comes from the feeling that we are important and should not be kept waiting. We must not speak loudly inside a temple. We should keep children from being noisy. When Vyasa was writing his Mahabharata, he found the noise made by the river Saraswathi annoying. So he ordered the river to go underground. The river, which went underground, then emerged only in Prayag, at the Triveni Sangama. We must circumambulate the sannidhi at a slow pace. If an Acharya happens to be visiting at the same time when we visit a temple, we must not try to overtake him. We must walk behind him, for when the Acharya receives the Lord's blessings, some of them will come to us too. —*In The Hindu*

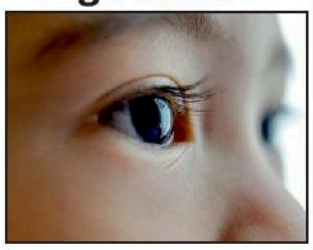
The tallest abandoned building

Beijing: Goldin Finance 117, an unfinished 597-metre-tall skyscraper on the outskirts of Tianjin, China's seventh largest city, is currently the world's tallest abandoned building.

Originally designed to be the centrepiece of a luxurious real-estate project in Tianjin, Goldin Finance 117, aka China 117 Tower, is famous for being the world's tallest unfinished and unoccupied building. Construction began in 2008, but was halted just two years later, during the fallout of the Great Recession. Work on the project was resumed in 2011, with an estimated completion date between 2018 and 2019. However, by September 2015, construction was once again suspended and has not resumed since. When work on Goldin Finance 117 was suspended, the impressive skyscraper was the fifth tallest building in the world. Now it's the world's tallest abandoned building.

Junk food makes boy go blind



Massachusetts: A 12-year-old boy has tragically lost his eyesight to a nutrient-poor junk food diet that caused his optic nerves to atrophy beyond any hope of reversal.

The New England Journal of Medicine recently documented the case of a 12-year-old boy from Massachusetts suffering from autism, who ultimately went blind because of a junk food diet based mostly on burgers, fries, ranch dressing, donuts, and boxes of sugary juice.

Earlier this year, the unnamed boy began experiencing vision problems in the hours of the morning and in the evening, but his eyesight was fairly normal during the day. However, his vision started degrading at a rapid pace, and in six weeks' time he could only move around if his parents helped him navigate obstacles. Then, one night, he woke up screaming that he couldn't see.

6-day Faculty Development Programme at JSS STU

Mysuru, Nov. 10-A six-day Faculty Development Programme (FDP) titled "Intelligent Automation: Leveraging Robotics, AI, and IoT for Industry 4.0" under the AICTE Training and Learning (ATAL) Programme 2025-26, organised by the Department of Mechanical Engineering, JSS Science and Technology University (JSS STU), Mysuru, began today. It will conclude on Nov.15.

The FDP aims to empower academicians, researchers and students by providing a dynamic platform for knowledge exchange and collaboration in advancing the role of Intelligent Automation in Industry 4.0.

Dr. Venkatesh Gudipadu, Associate Professor, NIT Warangal, was the chief guest at the inaugural event held in the presence of Dr. A. N. Santosh Kumar, Vice- Chancellor, JSS STU and others.

The programme will feature expert-led sessions on cutting-edge topics such as Motion Planning for Mobile Robots, Robot Path Planning, and Multipurpose Autonomous Navigation Robots.

VOICE OF THE READER

On street dogs and dog bite cases

Sir,

This refers to the news item titled ***'16,789 dog bite cases in Mysuru district this year'*** published in *Star of Mysore* dated Nov. 7.

I am an animal lover and dogs have always been my best friends. However, I do agree that street dogs can sometimes be a nuisance — and yes, they do bite.

The Supreme Court of India has passed an order directing government and public institutions to remove stray dogs from hospital and school premises. Though saddened, I agree with the Court's decision to withdraw the blanket allowance for stray or feral dogs and cats to freely roam such places.

That said, I would like to propose another approach — something I learnt from my late wife and our two daughters. Adopt strays or feral dogs as pets and give them a forever home. Avoid buying exotic breeds. I can assure you that these strays, especially when adopted as pups, grow into loyal, loving and protective companions.

The mothers of the pups we adopted were spayed and we ensured the same for six female dogs (and one male, if I recall correctly). This simple act helped prevent further breeding and reduced the number of strays on the streets.

Take a dog off the street and give it a forever home — you will never regret it. And yes, the Government must also take responsibility by providing shelter and care for dogs that are removed from the streets, ensuring they live with dignity until their natural end.

B. Raghavendra re-elected as KUWJ State Executive Committee Member

Senior Journalist B. Raghavendra, who was felicitated on being elected as State Executive Committee Member of Karnataka Union of Working Journalists (KUWJ) from Mysuru District in the polls held yesterday, seen with former MDJA President S.T. Ravikumar, former General Secretary M. Subramanya and others.

Mysuru, Nov. 10 (PM&DM)- Senior journalist B. Raghavendra was re-elected as the State Executive Committee Member of Bengaluru-based Karnataka Union of Working Journalists (KUWJ) from Mysuru District in the polls held yesterday.

This is the second consecutive term for Raghavendra, who had won for the first time three years ago.

The election to the post, in which there were 3 contenders, was held from 9 am to 3 pm at Mysuru District Journalists Association (MDJA) Office in Agrahara here yesterday.

As many as 415 MDJA members were eligible to vote, out of which 359 cast their ballots in the hotly contested election.

B. Raghavendra, who secured 172 votes, won by 10 votes defeating his nearest rival V. Mahesh Kumar (Kollegal Mahesh), who managed to get 162 votes. S.R. Madhusudhan came a distant third, bagging just 21 votes, while 4 votes were found invalid.

Senior Journalist M.S. Kashinath was the Returning Officer at KUWJ polls.

Graduates must contribute to Viksit Bharat 2047

Vice-President C.P. Radhakrishnan delivers 16th convocation address of JSS AHER

Vice-President of India C.P. Radhakrishnan presenting medals to one of the graduates during the 16th Convocation Ceremony of JSS Academy of Higher Education & Research (JSS AHER) at Sri Shivarathreeshwara Nagar in Mysuru last evening. Also seen are (from left) JSS Mahavidyapeetha Executive Secretary Dr. C.G. Betsurmath, former Supreme Court Judge Justice Shivaraj V. Patil, Karnataka Governor Thaawarchand Gehlot, JSS AHER Chancellor Sri Shivarathri Deshikendra Swamiji, Pro-Chancellor Dr. B. Suresh and Vice-Chancellor Dr. H. Basavanagowdappa.

Mysuru, Nov. 10 (BCT)- Vice-President of India C.P. Radhakrishnan delivered the convocation address at the 16th Convocation Ceremony of JSS Academy of Higher Education & Research (JSS AHER) at Sri Shivarathreeshwara Nagar here last evening.

Emphasising consistency as the cornerstone of success, he urged graduates to recognise their individual strengths and set personal goals that align with their unique pace of achievement.

Quoting Swami Vivekananda's timeless exhortation — "Arise, Awake and Stop Not Till the Goal is Reached" — he called for perseverance and resilience in the face of adversity.

Celebrating Karnataka's rich cultural legacy and Kannada's status as a Classical Language, he commended the National Education Policy (NEP 2020) for promoting interdisciplinary learning and academic flexibility, enabling diligent students to adapt and thrive.

The Vice-President also highlighted the need for responsible use of social media, advising graduates to maintain self-discipline and balance their digital engagement with real-world duties. He encouraged them to honour their parents and cultivate positive traits from others, rather than focus on shortcomings.

Concluding his address, he invoked the ancient wisdom that "knowledge is the real wealth," urging graduates to carry the torch of learning, inspire future generations and contribute meaningfully to nation-building in line with the vision of Viksit Bharat 2047.

During the ceremony, 2,925 students received degrees, diplomas and fellowships. 16 gold medallists from various academic disciplines were felicitated by the Vice-President. The event was attended by several eminent dignitaries, including the Karnataka Governor Thaawarchand Gehlot, JSS AHER Chancellor Sri Shivarathri Deshikendra Swamiji, former Supreme Court Judge Justice Shivaraj V. Patil and other distinguished guests.

Be job creators, not seekers

Governor Thaawarchand Gehlot tells students

Governor Thaawarchand Gehlot addressing the graduates at the 16th Convocation of JSS AHER in city yesterday. Picture right shows a section of the graduates attending the event.

Mysuru, Nov. 10 (BCT)- "For a Self-Reliant and Developed India by 2047, it is imperative that our youth chart a new course for society through their talent, innovation and entrepreneurship. The younger generation must aspire to become job providers rather than job seekers," said Karnataka Governor Thaawarchand Gehlot.

He was speaking at the 16th Convocation of JSS Academy of Higher Education and Research (JSS AHER) in city yesterday, held in the presence of Vice-President C.P. Radhakrishnan.

Reflecting on India's ancient legacy as a global knowledge leader, the Governor said, "The Vedas, Upanishads, Ayurveda, Yoga, Vastu, Philosophy and Law are our priceless heritage. The National Education Policy has reintroduced these streams of wisdom into modern education. Our youth must study these disciplines in today's context, conduct research and showcase their relevance on the global stage."

Highlighting Karnataka's leadership in education, information and technology, he noted that the State hosts several world-class institutions and research centres, including JSS. "Institutions like JSS have played a pivotal role in establishing Mysuru and Bengaluru as premier education hubs of India," he remarked.

Paying tribute to Jagadguru Sri Shivarathri Rajendra Mahaswamiji, the Governor described him as a visionary and compassionate leader who championed Akshara Dasoha (education), Anna Dasoha (food and accommodation) and Arogya Dasoha (healthcare). He commended the 24th pontiff, Jagadguru Sri Shivarathri Deshikendra Swamiji, for continuing this noble legacy and elevating the Mutt's service and influence to global heights.

Congratulating the graduating students, Gehlot said, "This is one of the most cherished moments of your life. You are stepping into society as architects of a new India, torch-bearers of humanity and messengers of hope. With knowledge and skills you have acquired, I am confident you will meet challenges and seize opportunities with success."

Quoting Dr. Sarvepalli Radhakrishnan, he reminded students that "the purpose of education is to develop the perfection inherent in an individual."

If India's 1.4 billion people decide, country can become a Hindu Rashtra: RSS Chief

Bengaluru, Nov. 10 (UNI)- Bharat seeks friendship with all nations but must protect its sovereignty amidst ongoing complications with China, even as India could become a Hindu Rashtra (Hindu Nation) as early as tomorrow morning if its 1.4 billion citizens collectively decide so, said RSS Sarsanghchalak Mohan Bhagwat.

Speaking at an interaction during the centenary lecture series on '100 Years of Sangh's Journey - New Horizons' held here yesterday, Bhagwat said the idea of Hindu Rashtra represents the foundation of a strong, united and confident Bharat. "If India's 1.4 billion people truly decide, the country could become a Hindu Rashtra as early as tomorrow morning," he declared.

Emphasising that the concept of Hindu Rashtra is not political but civilisational, Bhagwat said, "Hindu Rashtra is the essence of Bharat's identity and strength. It means harmony, equality and unity — not domination. It reflects the cultural foundation that holds the country together."

RSS Sarsanghchalak Mohan Bhagwat interacting with the audience during the centenary lecture series on '100 Years of Sangh's Journey - New Horizons' held in Bengaluru yesterday.

"The concept of Hindu Rashtra is not political but civilisational. Hindu Rashtra is the essence of Bharat's identity and strength. It means harmony, equality and unity — not domination. It reflects the cultural foundation that holds the country together."

On India's relations with China, the RSS Chief said, while Bharat's intention is to build friendship with every nation, it must remain vigilant and strong to safeguard its borders and sovereignty. "Being Bharat, we want to create friendship with everybody in the world. But we must protect our sovereignty amidst complications with China," he remarked.

He accused China of expansionist ambitions, saying, "They want to dominate, to govern. In the 1950s, they had a vision of 'Greater China,' which included neighbouring territories. They have already gobbled up Tibet and are now creating disputes along our borders. A rising Bharat is not in their selfish interest, so they will try to curb our rise."

Calling for a balance of peace and strength, Bhagwat said, "We have to be strong and always maintain a deterrent. But we don't want conflict with anybody. We want to have the strength that will keep China at bay — politically and intention-wise. We can restrain China, but we will not act like fascists. We want friendship on equal terms."

He maintained that India's foreign policy has so far been fairly successful in maintaining this balance. "Every Government has to perform this circus. Let us hope it continues to keep peace between China and Bharat without Bharat sacrificing its borders," he said.

Reiterating that the Sangh's mission is to build individuals who serve society selflessly, Bhagwat said, "RSS does not run after power. Our work is man-making. If society stands together with a common resolve, everything else will follow naturally."

He also urged the media to act responsibly and educate citizens. "Media must rise above commercialism. Its 'dharma' is to inform and enlighten, not merely to thrill or sell. I believe media credibility is improving and I am hopeful about its role in nation-building," he added.

Bhagwat concluded by saying Bharat's future depends on unity and awareness. "If we remain rooted in our values and act together, both the strength to deal with China and the spirit of Hindu Rashtra will arise from within our society," he averred.

'Only Hindus can become RSS members'

Addressing misconceptions about the organisation's outreach and minority participation, Bhagwat said, "Non-Hindus, including Muslims, Christians or people from other castes, may participate in outreach programmes or visit for special activities, but they cannot join the organisational branches as formal members," said the RSS Chief.

"Participation is allowed as long as individuals maintain their own identity and do not become part of the branch structure. We welcome diversity in learning or exposure, but membership and organisational authority are restricted to Hindus," he added.

The RSS Chief further clarified, "We reach out to different communities to create awareness and understanding, but each individual is responsible for their own progress. RSS provides guidance and prepares individuals to act for themselves, but does not assume responsibility for anyone else's development. Those who come to RSS should participate willingly, without expecting material support."

Radhakrishnan visits Melukote and Chamundi Hill Temples

Vice-President C.P. Radhakrishnan at Chamundi Hill Temple yesterday.

Melukote (Mandya)/ Mysuru, Nov. 10 (BLU&BCT)- Vice-President C.P. Radhakrishnan visited the sacred shrine of Cheluvanarayanaswamy at Melukote yesterday and assured complete support for the holistic development of the revered pilgrimage centre, known as the spiritual abode of Sri Ramanujacharya.

Responding informally to an appeal made by the temple's hereditary trustee and Parupathegar, Sri Srinivasa Narasimhan Guruji, the VP expressed his commitment to developing Melukote in coordination with the Union and State Governments.

He was accompanied by Union Minister H.D. Kumaraswamy and Mandya District in-Charge Minister N. Cheluvarayaswamy. "Melukote, along with Tirupati, Srirangam and Kanchipuram, is among our most significant spiritual centres. As the *karmabhoomi* of Sri Ramanujacharya, it holds a special place in my heart," the Vice-President remarked.

The Vice-President was accorded a traditional *Poorna Kumbha* welcome. He was ceremonially honoured with the temple's sacred 'Paduka Maryade' and 'Tulasi Teertha Prasada.'

Arriving at the temple at 10.45 am, Radhakrishnan spent 45 minutes offering prayers to Lord Cheluvanarayanaswamy, Goddess Mahalakshmi and Sri Ramanujacharya.

In view of the VVIP visit, public entry to the temple was restricted between 8 am and noon, after which devotees were allowed darshan. This was the first-ever visit by a sitting Vice-President to Melukote and the occasion witnessed unprecedented security arrangements.

As the Vice-President's convoy passed through the streets, hundreds of residents gathered to witness the historic moment.

Special prayers at Chamundi Hill Temple

Later in the evening, Radhakrishnan visited Chamundi Hill in Mysuru and offered special prayers to Goddess Chamundeshwari.

Accompanied by Governor Thaawarchand Gehlot, he spent about 30 minutes at Temple, participating in various rituals, including 'Kumkumarchane' performed in his name. Chief Priest Dr. N. Shashishekhar Dixit presented prasadam to him while Sri Chamundeshwari Temple Development Authority Secretary M.J. Roopa presented an idol of Goddess Chamundeshwari.

The Vice-President left for Bengaluru in a special helicopter.

A VIP visit marked by grace, humility

Melukote, Nov. 10 (BCT)- Vice-President C.P. Radhakrishnan left a deep impression during his visit to Melukote, a visit distinguished by humility, warmth and heartfelt gestures.

Recalling his earlier visit to the temple town as Governor of Tamil Nadu, he fondly remembered inaugurating a Tulasi garden near the temple tank (Kalyani).

In a touching moment, he accepted a memento from local representative Santhanaraman on behalf of Yatirajadasar Gurupeetha, promised to return to Melukote and asked the priests to nurture Tulasi garden with care.

Displaying his affection for children, the Vice-President noticed students of the Gurupeetha Gurukula standing outside the barricades and directed his security to allow them inside. He later posed for photographs with them.

Upon arriving at the temple, Radhakrishnan observed BJP Tamil Nadu State Secretary Siddhi Vinayakan and party workers waiting outside the barricades. Stepping forward, he personally invited them to accompany him during the temple visit.

Later, as his convoy departed, he noticed local BJP worker Shankar waving from roadside and graciously walked up to shake hands with him.

Throughout the visit, the Vice-President's interaction with temple staff and musicians — who played traditional instruments to welcome him — was marked by enthusiasm and warmth.

RMSC launches India's first School Sailing Series in Mysuru

Mysuru, Nov. 10- The Royal Mysore Sailing Club (RMSC), in collaboration with the Karnataka State Sailing Association (KSSA), inaugurated the School Sailing Series yesterday. The initiative aims to make sailing accessible to school students and nurture the next generation of sailors from Mysuru and surrounding regions.

The Ideal Jawa Rotary School and The Learning Curve International School took the lead as the first participating institution. The inaugural session saw 23 enthusiastic students from these schools experiencing their first hands-on exposure to sailing on the serene KRS backwaters. The students trained on Hansa class sailboats, which are globally recognised as learner-friendly, stable and completely safe, making them ideal for beginners and young sailors.

RMSC Founder Capt. Arvind Sharma said, "This programme marks a new chapter in Mysuru's sporting history. We are laying the foundation for future Olympians while introducing our youth to the values of discipline, teamwork and environmental awareness."

"Through our collaboration with schools, we aim to broad-base sailing across Karnataka and create India's next generation of champions," he added.

Highlights of the programme

Structured training: Students will undergo practical and theoretical sessions to qualify for the Yachting Association of India (YAI) Level 1 certification.

Inter-school sailing league: The initiative will soon expand to other schools in Mysuru, culminating in an inter-school regatta that provides young sailors valuable competition experience.

NCC integration: IJRS will soon offer its students the opportunity to join the Naval Wing of the National Cadet Corps (NCC) through an association with the 3 Karnataka Naval Unit NCC, Mysuru, combining seamanship, leadership and national service.

The Royal Mysore Sailing Club has established itself as one of India's premier sailing institutions. Under the aegis of the Yachting Association of India, RMSC has successfully hosted several national-level regattas, including the Junior National Sailing Championship and the Asian Inclusive Sailing Series, drawing participation from across India and abroad. With the launch of the School Sailing Series, RMSC continues its mission to make Mysuru a hub for youth and inclusive sailing, fostering future champions who may one day compete at the Asian Games and Olympics.

For further information or to enrol your school in the programme, contact Royal Mysore Sailing Club (RMSC) — **e-mail: *royalmysoresailingclub@gmail.com* or Mob: 98451-10976 or website: *https://royalmysoresailing.in/***

Ranji Trophy: Meghalaya's Akash creates history

Scores fastest first-class 50, hits 8 consecutive sixes

Akash Kumar Choudhary

Shillong, Nov. 10 (UNI)- Meghalaya's Akash Kumar Choudhary etched his name into the history books of cricket after becoming only the third batter to hit six sixes in an over in first-class cricket yesterday on Day-2 of the Ranji Trophy 2025-26 plate group match against Arunachal Pradesh in Surat, Gujarat.

The 25-year-old right-hander turned the match into a spectacle, swatted Limar Dabi for six 6s in an over, following in the footsteps of Sir Garfield Sobers and Ravi Shastri. He also hit another 2 sixes of the next two balls he faced (8 consecutive sixes) to bring up his half century. Akash surpassed England's Wayne White, who held the previous record with a 12-ball fifty for Leicestershire against Essex in 2012. Akash's half-century, off 11 deliveries, was also the fastest-ever fifty in First-Class history cricket match.

Meghalaya declared their first innings on 628/6 after winning the toss on Saturday and choosing to bat first. They are set for a massive win as they skittled Arunachal for 73 and then enforced the follow-on. At stumps, Arunachal were 17/3 in their second innings, still trailing by 526.

Three other Meghalaya batters had memorable outings with the bat, though record-breaker Akash stole the limelight in sensational fashion. Arpit Bhatewara reached his double century on Saturday and was out for 207 on Sunday. Kishan Lyngdoh, meanwhile, was out after amassing 119.

The other successful batter was Rahul Dala, who smashed 144 from just 102 balls (12x4s, 9x6s).

CM Siddaramaiah chairs KDP meeting

(Continued from page 1)

Complimenting the district authorities for organising Dasara in a highly successful manner this year, the CM said, "The pace of development must be increased. During the last KDP meeting, I had instructed for completion of all projects in a time-bound manner. But still the works are not being expedited."

Stressing on the need for officials to address the people's problems and grievances along with giving prominence for execution of development works and projects, he said people from his home district are coming to Bengaluru for getting their works done, which should not continue any more.

"Most of the people come to me with issues regarding Revenue Department. Had the authorities in Mysuru addressed these issues, where was the necessity for the aggrieved people to come to Bengaluru?" he questioned.

Asking the ZP CEO and all other officials concerned to personally visit Schools, Hospitals and Hostels to gain first-hand information about the state of affairs there, Siddaramaiah said that there are many complaints on the functioning of PDOs, VAs and Inspectors.

Asking the DC to make surprise visits to Tahsildar Offices, he wondered why there were no complaints or reports against any official or staff, when there are numerous public complaints against the style of functioning in Revenue and other Departments offices.

Seeking inputs on the quality of food served in State-run Hostels, the CM directed the officials to frequently check the quality of food being served to students.

District Minister Dr. H.C. Mahadevappa, Chamarajanagar MP Sunil Bose, MLAs T.S. Srivatsa, Tanveer Sait, Darshan Dhruvanarayan, K. Harishgowda, Anil Chikkamadu, D. Ravishankar and G.T. Devegowda, MLCs Dr. D. Thimmaiah and K. Shivakumar, District In-charge Secretary K. Selvakumar, Deputy Commissioner G. Lakshmikanth Reddy, ZP CEO S. Ukesh Kumar and other officials were present.

The meeting was on when we went to the press.

CM avoids talking to media

Chief Minister Siddaramaiah, who landed at Mysore Airport in Mandakalli this morning on a 2-day visit to city, refused to talk to waiting mediapersons.

This is the second time that Siddaramaiah refused to speak to the media in Mysuru in a couple of days. The CM is reportedly upset over media in Mysuru as he is often posed with questions on power sharing and reports published in a section of the media on probable leadership change in the State.

CM objects to rendition of Nadageethe

Soon as the Chief Minister arrived and sat down for the KDP meeting, the rendition of Nadageethe began. This irked CM Siddaramaiah, who got up and questioned the authorities saying that the Nadageethe is not sung before the start of any KDP meeting in the State. However, as the rendition of Nadageethe had already begun, Siddaramaiah stood till the completion of the song.

Untracked tigress trapped

(Continued from page 1)

As elephant Parthasarathi — previously involved in tiger-capture operations — is out of action following a bee attack and his fleeing that caused panic in Gundlupet, a separate jumbo team was summoned from Nugu Range.

Spotted at 5.15 pm

Using drone to pinpoint the tigress' location, the elephant team — comprising Mahendra, Bheema, Lakshmana and Srikanta — proceeded to Kallahalli under the supervision of veterinarians Dr. Ramesh, Dr. Waseem Mirza and Dr. Adarsh. The team spotted the tigress at 5.15 pm yesterday, with Deputy Range Forest Officer (DRFO) Ranjan equipped with a tranquilliser gun.

However, as darkness fell, the combing operation had to be suspended in adherence to Standard Operating Procedure (SOP), which restricts capture operations after 6 pm unless in emergencies. The team maintained thermal drone surveillance overnight to monitor the tigress.

At 6 am today, the operation resumed. The tigress was located hiding in a bush and DRFO Ranjan successfully fired a tranquilliser dart, immobilising the animal. The tigress was then safely netted and placed in a transport cage, while her three cubs were carefully wrapped in thick towels to avoid direct human contact — a precaution taken to ensure the mother does not reject them due to unfamiliar human scent.

All four felines have been kept at an undisclosed location for preliminary observation. According to forest officials, the tigress and her cubs will be shifted to Chamundi Wild Animals Rescue, Rehabilitation and Conservation Breeding Centre at Koorgalli, Mysuru, for further care. A decision on their release back into the wild will be taken after evaluation.

Injured tiger recovering

Mysuru, Nov. 10 (MTY&BCT)- The injured male tiger captured late Saturday night from the forested area between Saragur's Hale Heggudilu and Kandalike villages is recovering well at the Chamundi Wild Animals Rescue, Rehabilitation and Conservation Breeding Centre in Koorgalli, Mysuru.

The tiger, which had sustained injuries from a snare around its neck, consumed 3-5 kg of meat and drank water yesterday, showing encouraging signs of recovery.

It was brought to the centre around 2.30 am and placed in a secure enclosure for observation and treatment. Initially dazed, the big cat regained alertness by morning and was fed by Zoo staff.

Due to its injuries and stress from capture, the tiger appeared weak and was given an additional meal in the evening. As the animal was born and raised in the wild, staff are maintaining a safe distance, providing food and water without direct contact.

Meanwhile, a tigress that attacked a farmer, Mahadevegowda near Badagalapura in Saragur in October has already been captured and under care at the same facility. Her two female cubs have also been secured.

Classmates assault boy; FIR registered

Surgery performed after serious injury

Mysuru, Nov. 10 (KS)- An eighth standard student, who sustained serious injuries to his private parts after being allegedly assaulted by his classmates, has undergone a surgical procedure at a private hospital in the city.

The incident reportedly occurred at a private school located on Temple Road in Jayalakshmipuram in October. Following a complaint lodged yesterday by the boy's father, Sathyapriya, Jayalakshmipuram Police have registered an FIR.

In his complaint, Sathyapriya stated that on the evening of Oct. 26, his son began screaming in pain. When questioned, the boy revealed that two days earlier, three of his classmates had allegedly assaulted him and repeatedly struck him on his private parts with their knees.

He further said that he immediately rushed his son to a private hospital, where doctors, after examination, confirmed serious internal injuries that required emergency surgery. A surgical procedure was performed the following day, during which one of the boy's testicles was found to be permanently damaged, the complaint added.

Sathyapriya also stated that his son had earlier complained to his mother about a few classmates troubling him in school. "We had informed the class teacher and the Head Master and requested them to speak to the boys, but our concerns were ignored," he said.

Speaking to *Star of Mysore* this morning, Sathyapriya said his son did not feel much pain immediately after the assault. "The pain became severe after three to four days and only then did he tell us about the assault. We took him to the hospital right away," he said.

He added that the surgery was performed on Oct. 28 at a private hospital and the boy is now resting at home. "As the School Management and Principal did not respond to our pleas, I filed a complaint with Jayalakshmipuram Police," Sathyapriya said.

When asked if the assault occurred within the School premises, he remarked, "When my son was in school from morning till evening on that day, where else would the assault have taken place?"

Obituary

Ramdas

Mysuru, Nov. 10 - Ramdas (68), an Auditor and a resident of Madhuvana Layout at BEML Nagar in Srirampura, passed away this morning in city. He had served as the Director of Mugur Brahmana Sangha, patron of Arunodaya Special Children's School and was the President of Sharada Credit Co-operative Society. He leaves behind his wife Veena, two sons, two brothers and a host of relatives and friends.

Last rites were held at the foot of Chamundi Hill this afternoon, according to family sources.

Call for Palliative Care Units in all Govt. Hospitals

Rotary International District Governor P.K. Ramakrishna presenting a cheque to SVYM recently.

Mysuru, Nov. 10 (SPN&BCT)- Dr. Satish, Principal of Mysore Medical College and Research Institute (MMC&RI), emphasised the urgent need for dedicated Palliative Care Units in all District Government Hospitals and Medical Colleges across the country to support patients suffering from life-threatening illnesses.

He was speaking at the 'Light of Hope' awareness rally organised at J.K. Grounds as part of the World Hospice and Palliative Care Day celebrations.

The event was hosted at the MMC&RI Platinum Jubilee Hall by Swami Vivekananda Youth Movement (SVYM), in collaboration with MMC&RI, District Health and Family Welfare Department and several voluntary organisations.

Highlighting the growing need for Palliative Care Centres, Dr. Satish noted that patients battling chronic and terminal conditions such as cancer, stroke and HIV/AIDS require compassionate and specialised support.

He commended SVYM for its partnership with MMC&RI in running a free Palliative Care Centre since 2009.

During the event, Rotary International District Governor Rtn. P.K. Ramakrishna presented a cheque for Rs. 50,000 to SVYM in support of its palliative care initiatives.

SVYM CEO S. Savitha, Dr. Archana, Rtn. Ramaprasad and Palliative Care Programme Coordinator S. Nandini were present on the occasion.

Following the formal proceedings, Dr. Satish flagged off 'Light of Hope' rally which passed through main thoroughfares of Mysuru city, marking the World Hospice and Palliative Care Day.

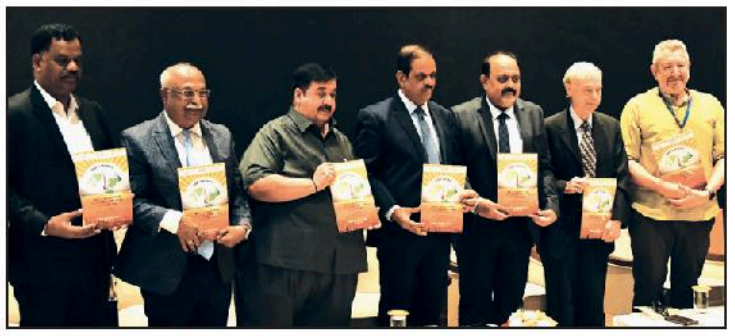
Participants included representatives from Rotary Mysore North, Rotary Mysore Brindavan, Rotary Mysore Vijayanagar, Rotary Mysore Ambari and Rotary Mysore South, North and East Clubs.

District Rajyotsava Awardees feted

Hospital Medical Superintendent Dr. H.P. Shobha, RMO Dr. Nayaz Pasha, faculty Dr. Srinivas, Dr. Chetana, Dr. Kusuma, Nursing Superintendents Rathi & Roopa and staff Gayathri.

'Heatwaves are now public health emergency'

Dr. C.G. Betsurmath at International Conference on Heatwave Trends and Health Impacts at JSS STU



Dr. C.G. Betsurmath** (centre), **Executive Secretary, JSS Mahavidyapeetha (JSS MVP), flanked by Dr. B. Suresh, Director, Technical Education Division, JSS MVP and Dr. A.N. Santosh Kumar, Vice-Chancellor, JSS STU, releasing Conference proceedings along with other dignitaries at JSS Technical Institutions campus recently.

Mysuru, Nov. 10 (BCT)- "Heatwaves are no longer just a climate concern; they are a public health emergency," said Dr. C.G. Betsurmath, Executive Secretary, JSS Mahavidyapeetha (JSS MV).

He was speaking after inaugurating the 2-day International Conference on 'Heat & Heatwave Trends and Their Health Implications in the Global South' at R.P. Singhania Auditorium in JSS Technical Institutions campus here recently.

The Conference was jointly organised by JSS Science and Technology University (JSS STU), NAM S&T Centre and Scientific Committee on Problems of the Environment (SCOPE), bringing together experts to address the escalating health and environmental challenges posed by extreme heat.

Dr. Betsurmath voiced grave concern over the accelerating rise in global temperatures and the increasing frequency and intensity of heatwaves driven by climate change.

He warned that prolonged exposure to high temperatures places severe physiological stress on individuals, exacerbating leading causes of mortality such as cardiovascular disease, respiratory disorders, diabetes and kidney failure.

Beyond health, he noted that heatwaves disrupt economies by damaging crops, affecting livestock, heightening wildfire risks and straining water and electricity supplies due to surging cooling demands.

Drawing from his tenure as Commissioner of Mysuru City Corporation (MCC), he recalled how heatwaves strain civic infrastructure, deplete water reserves, overwhelm hospitals and endanger vulnerable groups such as outdoor workers, children and the elderly.

Prof. Jon Samseth, President of SCOPE (Netherlands), echoed these concerns, stating that the Global South faces disproportionate climate stress due to high population densities and limited adaptive infrastructure.

Referencing Intergovernmental Panel on Climate Change (IPCC) and World Health Organisation (WHO) data, he noted that nearly 5,00,000 heat-related deaths occur globally each year and warned that cities like Delhi and Dhaka are approaching the limits of human survivability. He urged science-based policy-making and international co-operation to build heat-resilient communities. The Conference received 120 registrations and 60 research abstracts from 13 countries, reflecting growing global urgency to address heatwave impacts and climate adaptation.

Other dignitaries present included Dr. B. Suresh, Director, Technical Education Division, JSS Mahavidyapeetha; Amitava Bandopadhyay, Director General, NAM S&T Centre, New Delhi; Dr. A.N. Santosh Kumar, Vice-Chancellor, JSS STU; Neville Swejid, Professor, Stellenbosch University, South Africa; and S.A. Dhanraj, Registrar, JSS STU.

New Committee of IEI Mysuru Local Centre

Mysuru, Nov. 10 - CISCE Karnataka Handball team of De Paul International Residential School (DPIRS), Mysuru, emerged as the runners-up in the CISCE National-level Handball Tournament held at Railway Sports Ground, Gorakhpur, Uttar Pradesh recently.

Four players — Shaurya, Mohith Raj, Samarth Gowda and Chirag N. Gowda — have also been selected from DPIRS to represent at the School Games Federation of India (SGFI) Handball Tournament, scheduled to be held in Himachal Pradesh.

Political 'Ironmen'

BJP leaders Tejasvi Surya & K. Annamalai complete Ironman 70.3 triathlon in Goa

Bengaluru South BJP MP Tejasvi Surya** (left) **and former Tamil Nadu BJP State President K. Annamalai sporting their Ironman 70.3 triathlon completion medal in Goa yesterday.

Bengaluru, Nov. 10 (Agencies)- Bengaluru South BJP MP Tejasvi Surya and former Tamil Nadu BJP State President K. Annamalai completed the gruelling fifth edition of Ironman 70.3 triathlon held in Goa yesterday, finishing the race within the official 8.5-hour time limit.

The Ironman 70.3 is one of the world's most demanding endurance events, comprising a 1.9 km swim, 90 km cycling and a 21.1 km run. Out of nearly 1,300 participants from 31 countries this year, 805 managed to cross the finish line within the allotted time.

While Tejasvi Surya, who had also taken part in the last edition, completed the challenge in 7 hours, 49 minutes and 6 seconds, Annamalai, participating for the first time, clocked 8 hours, 13 minutes and 55 seconds.

Prime Minister Narendra Modi also congratulated the participants, praising the growing enthusiasm among young Indians for fitness challenges.

"Glad to see increased participation by our youth in events like Ironman 70.3 which was held in Goa today. Such events contribute towards #FitIndia movement. Congratulations to everyone who took part. Delighted that two of our young Party colleagues, Annamalai and Tejasvi Surya are among those who have successfully completed the Ironman Triathlon," PM Modi tweeted.

Lifts Inter-School Chess Trophy

Nivaan Raghavendra, a 9th std. student of St. Joseph's Central School, Yelwal, who won the first place (Class 8-10 category) at the PAZZO Inter-School Chess Tournament organised by Carmel Catholic Association (CCA) at St. Joseph's Central School in city recently, is seen receiving the trophy from the dignitaries.

WORD OF THE DAY

Improvident

Pronunciation: im-PRAH-vuh-dunt (Adjective)
Meaning: Improvident is a formal word used to describe something that does not foresee or provide for the future, especially with regard to money. An improvident relationship, habit or practice is financially unwise or impractical.
Origin: Improvident describes someone's actions or habits as being unwise with regard to saving or providing for the future. It's a formal word, but the behaviour it describes is well illustrated by many of the stories people hear or read as children, including some of the world's oldest. In Aesop's fable "The Ant and the Grasshopper," the grasshopper could certainly be called improvident — he spends all summer singing and dancing while the ant works hard to prepare for winter by storing food, and at the end of the short tale is cold and starving. While today improvident is used mostly in the context of money, and those who are irresponsible with it, one can be improvident with other things (such as time or food), even happily. In another children's tale, The Tale of the Flopsy Bunnies, author Beatrix Potter introduces the titular family of bunnies, sleepy from eating too much lettuce, as follows: "they were very improvident and cheerful."
Example: "The problem is worst in affluent countries like the U.S., where more than two hundred pounds of food per person get thrown away each year. 'Even modest food waste reductions would translate into considerable cumulative savings,' Smil observes. Then, there's the waste that results from improvident eating habits. If photosynthesis has a low conversion rate, feeding crops to animals compounds the problem many times over." —Elizabeth Kolbert, The New Yorker, 23 June 2025.

THE ODD WORD

Ectopia

Abnormal position of a part or organ

PHRASE OF THE DAY

Come Hell or High Water

Meaning: When you say 'Come Hell or High Water' you mean that you are willing to do whatever it takes to overcome difficulty or obstacles.
Origin: The expression 'come hell or high water' originated in America. The first printed reference comes from an Iowa newspaper, The Burlington Weekly Hawk Eye, dated May 1882: "Since that time the best of my friends had become enemies and strangers have become friends. The devil had broke loose in many parts of the country and keeping up with the old saying, we've had unrevised hell and high water, and a mighty heap of high water, I tell you."
Example: "I'm going to make it to dance on Saturday, come hell or high water!"

QUOTE BOX

"You have to believe in yourself when no one else does."

— Serena Williams

Bharatanatyam workshop

Dr. Satyanarayana Raju

Mysuru, Nov. 10- The Department of Bharatanatyam, KSGH Music and Performing Arts University, Mysuru, has organised a 3-day Bharatanatyam Padavarna Workshop by Dr. Satyanarayana Raju, a well-known guru and performing artiste, at its premises on JLB Road in city from Nov. 11 to 13.

Dance students and teachers are eligible to join the workshop which will be held from 9 am to 1 pm.

The workshop will be inaugurated at 11 am tomorrow (Nov. 11) by Music University VC Prof. Nagesh V. Bettakote along with Registrar (Evaluation) Prof. M.G. Manjunath and Finance Officer Sowmyashree, according to a press release from Dr. Bhuvana, Cultural Co-Coordinator / Lecturer, Department of Bharatanatyam, KSGH Music and Performing Arts University.

For details, contact Ph: 0821-2402141 or Mob: 98453-28355.
